

I am requesting to leave Indiana Telephone Privacy Law alone. This law has worked very well for us. We are no longer inundated with calls for which I'd been hanging the phone up in the past. We have truly been able to enjoy our privacy, been able to answer our phone when family has called us without having to wait for the answering machine to see who it is who is calling. Thank you for giving the freedom to enjoy our place of security and rest, especially in the times in which we now live.
